In what area(s) of the Salato Wildlife Education Center would you like to volunteer? (Check all that apply)

_____Special Event Volunteer

This Service Option is for those who wish to assist with special events such as Calendar of Events programming, Foundation Fundraisers

hosted at the Center, and special projects. All Volunteers are welcome to assist with special events, however some prefer this area due to the low level of commitment required.

_____Landscaping and Gardening

This Service Option provides opportunities for folks to learn about native plants of Kentucky as they water and mulch areas on the park grounds, plant native plant species, remove invasive plants, and assist with other landscaping projects. **A minimum commitment of 4 hours once a week is strongly encouraged.**

_____Trails Crew Member

Join in the fun by volunteering to hike our four miles of trails in search of damaged signs, low hanging limbs, and to assist in various other trail projects. Because of the length of the trail, please plan on spending at least 2 hours hiking and 2 for working for a total of **4 hours per visit. A once a month commitment is suggested.**

_____Volunteer Conservation Educator

This is a challenging position where volunteers interact with the general public by exhibit talks and table top activities. Good interpersonal skills are very helpful. Conservation Educators must attend all training sessions to gain knowledge about Kentucky's native fish and wildlife featured at Salato. Additional training is provided for those who have mastered the basic training sessions and wish to develop interpretive programs for the general public. **A minimum commitment of 16 hours a month is strongly encouraged.**

How did you find out about S.W.E.C. volunteer positions? _____
